

Circular

Our mission is to provide quality medical care to the people at large through AYUSH systems of Medicine. Time and again, it has been impressed upon all the Medical and paramedical staff of the Deptt particularly the doctors holding supervisory posts to ensure yeomanly service and pivotal role in the health care delivery system in the larger interest of the public and the dept. It was a great moment for us that the Hon'ble Union Health Minister on the occasion of AROGYA at Srinagar yesterday, praised the valuable services provided by the ISM doctors in far-flung and cut off areas. We are committed to maintain the standard and ensure improvement in the performance day by day. It is expected that

We all will contribute towards better medical care to the masses through AYUSH system to their best satisfaction.

This office has received the performance report of doctors of Govt. Ayurvedic Hospital for the period w.e.f Aug 2010 to Dec. 2010 the other day. An examination of the same reveals that the performance is very poor. It is matter of great concern that the OPD level of state level Ayd. Hospital is so depleted. We cannot afford to tolerate this kind of retarding the performance that too at the level of State level Hospital. No stone is required to be left unturned for improvement in the performance to the best satisfaction of the authorities and the public at large.

The profession of a doctor is the noblest profession. The expectations of people with a doctor are very high and we must endeavor to come to the expectations of the people. This can be done by selfless service and dedication.

The ISM doctors have already been granted with their allopathic brethren in all respects and they are availing handsome salaries which are required to be justified by them. Their role is of great significance for development of Indigenous Medicine in the state and they are expected to deliver to the hilt for expansion, promotion and development of the System.

It is impressed upon all the ISM doctors particularly those working in Govt Ayurvedic Hospital to work hard for excellence and be alive to the outstanding patient care and toil to come to the expectations of people and the Higher authorities.
